ASSOCIATE OF
SCOTTY INSISTS
HE IS INSANE

SECRETARY DEATH VALLEY
SCOTTY MINING CO. IS MENTALLY UNBALANCED

F. C. Goodin, secretary of the Death Valley Scotty Gold Mining Co., appeared for trial in Judge McCormick's court yesterday in a charge of perjury, but on the strength of an affidavit filed by his counsel, Attorney Neighbors, in which it was asserted Goodin is mentally unbalanced the court continued the case until November 6, says the Los Angeles Times.

Goodin wants to be examined by competent physicians for his sanity, but pleaded he did not have the money at this time to pay for such service. He expects to be in funds the last of October. F. E. Sharp, also an officer of the company, will be tried after Goodin's case shall have been disposed of.

Both are charged with having testified falsely in the Walter Scott case by stating "Scotty" had been paid \$25,000 for his alleged fabulous gold mine in Death valley. It was later admitted by "Scotty" he had received several hundred dollars for his "secret" and that he never owned a gold mine. The perjury charges grew out of the endeavor of a physician to collect a judgment against "Scotty" for attending his brother, who had been wounded in Death valley.

ENROLLMENT OF
HIGH SCHOOL IS
ALMOST DOUBLED

SEVERAL NEW DEPARTMENTS
ARE ADDED AND NEW EQUIPMENT IS AT HAND

The Tonopah high school has been almost doubled in number this year, 63 students being enrolled. More teachers have been added, the courses of study enlarged, and new equipment added. In addition to the apparatus on hand, over \$500 has been added in apparatus for physics and chemistry, so that the Tonopah high school has one of the best equipped laboratories in the state. A commercial course has been added, including commercial arithmetic, commercial geography, commercial law, economics, bookkeeping and banking, stenography and typewriting. Five typewriters are in use and are humming most of the time. Classes in higher algebra and trigonometry have also been added this year. The high school is now offering three distinct courses of study, the classical scientific and commercial; the classical and scientific courses meet the requirements for university entrance.

As soon as the new building is completed manual training, domestic science and kindergarten departments will be added. Music and drawing, which was introduced at the opening of this term, is receiving much attention.

Teachers and pupils are entering into their school work with a force that is destined to make itself felt. The students are again issuing the "Live Wire," which will be published every six weeks. The editors have all been elected and are now busy collecting material and expect to have the first issue ready in October.

Mr. C. W. Smith, A. B., Dartmouth college, principal of the high school, has charge of French, algebra, physics, physical geography and elementary Latin and athletics.

Miss Louise M. Pohl, A. B., University of Nevada, has charge of

SEARCHLIGHT
AGAIN COMING
INTO ITS OWN

MINE HAS BEEN UNWATERED
AND OPERATIONS MAY BE
RESUMED AT ONCE

Searchlight is again coming into its own, judging from the appearance of the Bulletin. In the last issue it stated that the Searchlight mine has been unwatered and it is believed operations will be resumed in the near future. The Bulletin says:

The Searchlight mine has been unwatered down to the lowest laterals, and was thoroughly sampled. One hundred and twenty-five samples were taken, which are now being assayed. It was not deemed advisable to keep the water down, as it will be at least a couple of weeks before anything definite will be known as to future development. The boiler plant, with the addition of the new boiler that has been set up, is sufficient for all needs, but the pumping plant is not able to handle the flow of water in anything like a satisfactory manner, gaining on it but a few inches an hour. In unwatering, the only trouble was caused by the high-speed steam engine that runs the generator, which is overloaded.

In talking with Mr. Bromley and Mr. Mortimer, it was stated that an equipment of machinery sufficient to handle this flow of water will be installed before another attempt is made to unwater the mine.

This mine is being given a thorough tryout, and it is believed that the results will warrant the pushing ahead of development work on a large scale.

INQUIRY IS RESUMED

HOT SPRINGS, Ark., Sept. 24.—Inquiry into the conversation that Sam Schepps, a Rosenthal conspiracy witness, had with Hot Springs people during Schepps' sojourn here, was to be resumed today before Special Commissioner Huff, with Douglass Hotchkiss, a local newspaper editor, on the stand.

The merchant from whom you buy is in a very real sense, working for you. His advertisements in the Bonanza are REPORTS to you of what he has accomplished for you in the way of helping you to reduce the cost of things.

algebra II, German, Caesar, Cleero and geometry.

NOTICE TO CONTRACTORS

Bids Wanted

Notice is hereby given that sealed bids will be received by the board of school trustees of Tonopah school district, for the work of excavating for the building, erection and construction of the new school house building to be erected in the town of Tonopah.

Plans and specifications are on file with H. C. Schmidt, clerk of said board, at the Tonopah Hardware company's store in Tonopah, Nevada, and also with George A. Ferris, architect, Reno, Nevada.

The successful bidder will be required to enter into a good and sufficient bond to be approved by the board, conditioned for the proper and faithful performance of the contract. Bids will be received for the construction of the building of either brick, stone or concrete.

All bids must be sealed, accompanied by a deposit in cash or certified check in the sum of not less than 10 per cent of the bid, to be returned to all unsuccessful bidders, and to the successful bidder on execution by him of a satisfactory contract approved by the board, and delivery of the bond above mentioned. The bids to be endorsed, "Bid for excavation work, building, erection and construction of the new school house building," and must be mailed or delivered to the said clerk at his said office and be in his possession prior to 2 o'clock p. m., September 24, 1912, at which time and place the bids will be opened. Bidders are invited to be present at the opening of bids.

The board reserves the right to reject any and all bids, and to waive any informality in bids received if deemed by them to be for the best interest of said school district.

Dated Tonopah, August 24, 1912.
